

Y1&2 Geography – KNOWLEDGE ORGANISER - Around our school

KEY VOCAB

City, town, village, factory, farm, house, office, shop, park, road, street, north, south, east, west, pavement, bus stop, crossing, traffic light, post box, church, Mosque, cafe

Things everyone needs to know

The name of our road is 'hospital street' which is in the district of Newtown. Our city is Birmingham and that's in England.

People in our city live in different kinds of homes - terraced, semi-detached, houses, flats, tower blocks.

There are a number of different buildings in our area and each has a different function.

Buildings and features in our area can be represented on a map using symbols.

There are things to look out for on the street that are common in most places in the UK - pavement, bus stops, road signs, lampposts, crossings, traffic lights, post boxes.

There are different ways of travelling from Newtown - walk, bus, cycle, car or train

Remember the main points from the last unit. Is the locality around Asmara the same as ours?

Links to building the kingdom

Options for the poor and vulnerable:

Some of God's family have plenty of food, toys and clothes & some don't.

Explore the feelings of those who have plenty and those who have little

Working together to make our family happy

Exploring fairness and justice

Who needs our help? How can we help

VIRTUE: compassionate and loving. Faith filled and hopeful.

RR: I have the right to be safe and healthy with good quality healthcare, nutritious food and clean water

Corporal works of mercy: Feed the hungry and give drink to the thirsty

Key skills -

Name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas.

Understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country.

Identify seasonal and daily weather patterns in the United Kingdom (field work to carry out local observations and compare to area in focus country)

Geographical skills and field work - use simple compass directions and directional language e.g near and far; left and right to describe the locations of features.
